NOTE FOR: Deputy Director for Operations

FROM : EA/DDCI

SUBJECT: Covert Action Support Capability

1. I understand this DCI request may not have found its way to you. Could you coordinate with DDS&T, as appropriate, and come up with something by the time the DCI returns?

2. Understand Evan sent you a copy of DDS&T's proposals, which included a Career Service dedicated to covert action. FYI, DDCI opposes this idea.
